

2009 EFFoST Annual Conference

New Challenges in Food Preservation: Processing – Safety - Sustainability

11-13 November 2009 | Budapest, Hungary

CALL FOR POSTERS DEADLINE: 30 June 2009

Submit online now at: www.fffostconference.com

=====

Organised in association with IUFoST, METI, KEKE, FISEC and EHEDG, the 2009 EFFoST Annual Meeting looks at food preservation, focussing on issues of processing, safety and sustainability.

As with previous EFFoST events, the programme will be comprised of lectures by invited renowned experts supplemented by extensive contributed poster sessions on the following themes for which abstracts are now invited.

Processing: Emerging Technologies | Improved Traditional Processes | Challenges in Process Control (including packaging)

Safety: Emerging Pathogens | Challenges in Risk Assessment | Hygienic Design and Processing | Water Safety and Security

Sustainability: Sustainable Processes | Sustainable Products

A Pre-Conference Day on **10 November 2009** will feature workshops from EHEDG, NovelQ and GHI plus additional project meetings to be announced.

Keynote Speakers

The following speakers will give keynote presentations at the conference:

Mr József Gráf, *Minister of Agriculture and Regional Development, Hungary*
- Opening keynote presentation

Prof. Dr. Brian McKenna, *Emeritus Professor of Food Science, University College Dublin, Ireland and President, EFFoST*
- History of Food Science and Technology

V. Prakash, *Director, Central Food Technological Research Institute, India*
- Food Safety and Food Security

Awards

Two awards will be presented at the conference – the Student of the Year Award and an Outstanding Achievement Award. Further details on these together with how to apply for one of 50 free student places are available on the conference website.

For further information and to submit an abstract visit www.fffostconference.com

THE ORGANIZERS

The 2009 EFFoST Conference - 'New Challenges in Food Preservation' is organized by EFFoST – the European Federation of Food Science and Technology in association with:

IUFoST International Union of Food Science Technology
KEKI Hungarian Central Food Research Institute
METE Hungarian Scientific Society for Food Industry
FISEC Food Industry Students European Council
EHEDG European Hygienic Engineering & Design Group

Conference administration is provided by Elsevier, publisher of the EFFoST affiliated journals Trends in Food Science Technology (TIFS) and Innovative Food Science and Emerging Technologies (IFSET).

Main Patron: Mr József Gráf, Minister of Agriculture and Regional Development, Hungary
Conference Chair: Prof. Dr. Diána Bánáti, CFRI/KÉKI

Scientific Committee

Prof. Dr. Dietrich Knorr (Chair) TU Berlin and EFFoST Executive Committee
Prof. Dr. Diána Bánáti, CFRI/KÉKI
Prof. Dr. Geoffrey Campbell-Platt, President IUFoST
Huub Lelieveld, GHI Association and EFFoST Executive Committee
Prof. Dr. Brian McKenna, Interim-President, EFFoST
